Citizens Information Service - Service Offer

Citizens Information Services (CISs) provide free, impartial and confidential information, advice and advocacy services to the public. Each Citizens Information Service covers a geographical area within their region, facilitating both rural and urban areas, delivering a service through a network of Citizen Information Centres (CICs).

Information and Advice

Our Information Officers assist people with queries in relation to a broad spectrum of public and social services, including social welfare entitlements, income tax calculations, housing supports and access to health services. Our staff receive regular training and social policy updates to ensure that the information and advice that we provide is up-to-date and relevant for CIS service-users.

Social Policy

Our staff also engage in social policy reporting, highlighting issues that affect our clients in accessing public services, which in turn feeds into the work of the Citizens Information Board in the development of policy papers and recommendations to government. Through this process, CIS Information Officers capture social policy issues in real-time, facilitating the development of responsive and evidence-based policy reporting.

Advocacy

When required, Information Officers can provide further support through our advocacy service. This can mean assisting someone to write a letter or make a phone call, or a more complex and longer-term process such as preparing people for, or representing them at, a Social Welfare Appeals Office or Workplace Relations Commission hearing. All Information Officers are supported by a regional Advocacy Support Worker who provides expert advice, coaching and mentoring in this key aspect of our work.

The range and level of advocacy support provided by CISs has continued to develop and expand year on year, with significant outcomes achieved for people around the country in the areas including employment, equality, housing and social welfare.

Citizens Information Services – Locations

Each Citizens Information Regional Company covers a geographical region, facilitating both rural and urban areas, delivering a service through a network of Citizen Information Centres.

The 8 regional CIS companies cover the following areas: North Dublin, Dublin South, North Connacht & Ulster, North Leinster, North Munster, South Connacht, South Leinster and South Munster, as illustrated in the map below. Each CIS Region is subdivided into a number of CIS Service Areas which in turn each contain a number of Citizens Information Centres.
